Student Welfare Policy

Code of Conduct
STATEMENT OF PURPOSE

Crookwell Public School values a positive and safe school environment where self discipline is developed around a code of conduct, within a climate of respect, built on the foundation of consequences which follow actions.
By meeting the personal, social and learning needs of students, each will make a useful and rewarding contribution to the life of the school and gain enjoyment from their learning.

DEFINITIONS

BEHAVIOUR is an action, thought and feeling chosen to satisfy needs.

MISBEHAVIOUR is an action chosen which interferes with the wellbeing/teaching/learning of others, usually disregarding the Code of Conduct, particularly the rights of others.

BULLYING is an unprovoked, repeated attitude/action with deliberate intent to threaten distress, intimidate and/or hurt others. It is characterised by an imbalance of power (physical, verbal, social, psychological, sexual, and racial) and can be perpetrated by one child or a group. It is different from quarrelling or a transient bout of aggression.

SELF DISCIPLINE

The school encourages students to develop self discipline by accepting responsibility for their own behaviour through
- Recognition and praise for acceptable choices of actions
- Developing clear, fair and consistent ways of dealing with unacceptable behaviour
- Providing students with opportunities to
  - practise making responsible decisions
  - develop and display initiative
  - work independently
  - co-operate in group efforts

CONSEQUENCES

Sometimes, students make poor decisions. When this happens, there needs to be some form of sanctions so that the students are reminded of the expectations of the school and their responsibilities to help keep those expectations.

A set of consequences cannot be drawn up to cover all possible infractions of school expectations and all circumstances contributing to those infractions. Generally, the following consequences will apply. Whilst these are listed in a descending order of action it does not follow that this order will be rigidly followed. Each situation will be judged on its effect on the total school population and on individual children.

1. Reminding of student rights and responsibilities by immediate staff member
2. Referral to Student Welfare Co-ordinator
3. Parent contact to be informed and involved
4. Time-out (removal from playground or classroom for a short period)
5. Extended and planned exclusion/isolation
6. Parental contact follow-up
7. Referral to Learning Support Team
8. Individual Management Program
9. Suspension following DET procedures
10. Expulsion following DET procedures
**REINFORCING PRESENT GOOD STANDARDS**

The present good standards of behaviour are reinforced by:
- A system of praise and rewards
- Focussing on lifting the self-esteem of individuals, class and school spirit to encourage high expectations in children and the production of quality work
- Creating an understanding of acceptable social behaviours and the desire to follow the school code of conduct and support the values and Core beliefs of the school
- Developing attitudes of sensitivity and respect for others and the belief that all children have the right to learn and play without interference
- Communicating with parents and enlisting their support in matters of behaviour
- Administering discipline fairly and consistently within the guidelines of the Code of Conduct and the Fair Discipline Code

**CODE OF CONDUCT**

MINOR & MAJOR ISSUE MANAGEMENT

**Mini issues** are able to be dealt with immediately, fairly and consistently by the nearest or rostered teacher.

**Minor and Major issues** need to be addressed instantly and those involved reassured that a full and fair investigation will be held at the next bell.

The issue is then notified to the Class Teacher, Executive or Principal.

**The issue is taken to the Student Welfare Co-ordinator.**

All points of view are investigated by the Student Welfare Co-ordinator – the offended, the offender, witnesses – at the next bell.

The Student Welfare co-ordinator decides to –
- Resolve the issue after reaching an agreeable resolution or
- Discuss the issue with the parents of the offended AND the offender or
- Refer the issue to the Principal or
- Refer the issue to the Learning Support Team or
- Refer the issue to the School Education Director if it involves a parent.
- Documentation of the incident from the supervising Teacher and Welfare Co-ordinator

All actions taken will be appropriate to those affected, closely monitored, reviewed and support given.

If parents are informed, they must be KEPT informed……..

- Contacted immediately to be made aware of the actions to be taken and their acceptance of the actions
- Contacted again within 4 days to discuss success of, and satisfaction with, the action taken
- Later (before 3 weeks) follow-up to ascertain the longer-term effects.

All minor and major issues are to be recorded in an **Issue Management Book**, maintained by the Student Welfare Co-ordinator. In the book there will be a brief summary of the issue, of the action taken and follow-ups dated.

All parent meetings need to have brief records of content kept.
